KONINKLIJKE KPN N.V. et al.

1. The applicant is hereby notified that this International Preliminary Examining Authority transmits herewith the international preliminary report on patentability and its annexes, if any, established on the international application.
2. A copy of the report and its annexes, if any, is being transmitted to the International Bureau for communication to all the elected Offices.
3. Where required by any of the elected Offices, the International Bureau will prepare an English translation of the report (but not of any annexes) and will transmit such translation to those Offices.

4. REMINDER

The applicant must enter the national phase before each elected Office by performing certain acts (filing translations and paying national fees) within 30 months from the priority date (or later in some Offices) (Article 39(1)) (see also the reminder sent by the International Bureau with Form PCT/IB/301).

Where a translation of the international application must be furnished to an elected Office, that translation must contain a translation of any annexes to the international preliminary report on patentability. It is the applicant's responsibility to prepare and furnish such translation directly to each elected Office concerned.

For further details on the applicable time limits and requirements of the elected Offices, see Volume II of the PCT Applicant's Guide.

The applicant's attention is drawn to Article 33(5), which provides that the criteria of novelty, inventive step and industrial applicability described in Article 33(2) to (4) merely serve the purposes of international preliminary examination and that "any Contracting State may apply additional or different criteria for the purposes of deciding whether, in that State, the claimed inventions is patentable or not" (see also Article 27(5)). Such additional criteria may relate, for example, to exemptions from patentability, requirements for enabling disclosure, clarity and support for the claims.

Re Item V.

1 Reference is made to the following documents:

D1 : EP 1 335 266 A (VODAFONE GROUP PLC) 13 August 2003 (2003-08-13)

D2 : EP 0 829 828 A (KONINKLIJKE KPN N.V. KONINKLIJKE KPN N.V) 18 March
1998 (1998-03-18)

2 INDEPENDENT CLAIM 1

2.1 The present application does not meet the criteria of Article 33(1) PCT, because the subject-matter of claim 1 is not new in the sense of Article 33(2) PCT.

Document D1 discloses (the references in parentheses applying to this document):

Method for using a ticket (cf. [0025]; [0036] "use rights file (voucher)") for accessing content (cf. [0024]) whereby the ticket can be sent to a device (cf. fig.1(2); [0031]) and whereby a validation count field comprised by the ticket is arranged for being decreased each time the content is accessed (cf. [0036]; [0037]).

Therefore the subject-matter of independent claim 1 does not satisfy the criterion set forth in Article 33(2) PCT regarding novelty.

2.2 It is also pointed out that independent claim 1 is not new over D2 (cf. c.2 l.32-47; fig.3(22); claim 6) since the wording of claim 1, "...a ticket **for accessing content...**" is also covered by "...a right to be conveyed by the ticket" in D2 (cf. claim 6). The method of using tickets defined in D2 could also be for accessing content and all technical features of claim 1 are present in D2.

3 The applicant explains in the description (page 1 line 31) that the prior art does not provide a procedure for accessing content via a ticket. However such an alternative use of the known tickets in D2 would be obvious for the person skilled in the art.

4 DEPENDENT CLAIMS 2-8

(SEPARATE SHEET)**

International application No.

PCT/EP2005/002163

Dependent claims 2-8 do not contain any features which, in combination with the features of any claim to which they refer, meet the requirements of the PCT in respect of novelty (Article 33(2) PCT).

The additional features of claims 2-4 are already disclosed in D2 (cf. fig.3; c.3 l.35 - c.4 l.10).

The additional features of claims 5-8 are already disclosed in D1 (cf. [0036]; [0037]).
